Dear international students,

Welcome to Wrocław! The first months of your studies are behind you and you've had the chance to get to know your roommates and group mates. You've probably already realised that in order to get along well in a new environment, you need to have knowledge and know where to look for it. We have prepared the Study in Wrocław Academy especially for you - it is a series of four meetings for foreign students like you, who have started their studies in Wrocław this year. To take part in the meetings, register by filling in a short form: [FORM](#).

You will learn, among other things, how fantastic the city is that you have chosen for your studies, how to move around it efficiently, how to take care of your safety, how to look for a job, what is the NFZ, PESEL, how to submit documents for temporary residence... and many more important things. The first three meetings will be held in Polish. The fourth meeting is dedicated to English-speaking students.

Here are the topics and the schedule of meetings:

1. 16 November (Tuesday) 17.00 -18.30 Wrocław - a student city (in Polish)

2. 18 November (Thursday) (in Polish)

Part I: 17.00 - 17.30 How to take care of safety (Municipal Police Headquarters in Wrocław),

Part II - 17.30 - 18.30 Student looking for a job

3. 23 November (Tuesday) 17.00 -18.30 - Legalization of the residence (in Polish)

4. 25 November (Thursday) 17.00 -19.00 (in English)

I part: Legalization in Poland,

II part: Work for a student

We hope that the knowledge we have acquired will be useful to you and the information provided will help you to adapt to your new environment more quickly and smoothly, will help you to avoid situations that may create problems and will help you to better organize your time in order to spend it usefully and pleasantly.

Register for all events, you will find important information, friendly speakers and new acquaintances waiting for you.

*All meetings will take place at the **CUKR (Ruska Street 46A/201)**. During the meetings, masks and keeping a social distance are mandatory.*

We wish you every success
