!

**Tomas Bata University in Zlín, Czech Republic,**

is a progressive university with more than 13,000 students (nearly 900 are coming from foreign countries).

At its six faculties, it offers a wide range of degree courses in the fields of chemistry, food engineering, ecology, economics, visual arts, communication, informatics, security and safety, pedagogy, philology, and health care.

It is a centre of research and development, attaining the world's highest standards in certain selected areas.

To assess progress in studies, a credit system compatible with the ECTS standard is used for all its degree programmes. The University's graduates are issued the prestigious Diploma Supplement. It is recognized throughout Europe and its aim is to enhance their position in the European labour market. Our University has students from all over the world. TBU bears the name of the founder of the shoemaking industry in Zlín and a world-renowned entrepreneur, Tomáš Baťa (1876 - 1932).

His son, Tomáš Baťa Jr, held the office of Chairman of the University's Board of Governors from the establishment of TBU until his decease in September 2008.
