LOGICAL Kick-Off Conference

## **Intelligent and High-Performance Computing in Logistics**

5<sup>th</sup> and 6<sup>th</sup> March 2012 in Wrocław, Poland

The objective of the conference is to present LOGICAL (Central Europe project on Transnational Logistics Improvement through Cloud Computing and Innovative Cooperative Business Models, <http://www.project-logical.eu/>) with relation to novel trends in Information Technology in logistics. In the first day, many key researchers and European project leaders are invited to present and discuss the latest achievements and the benefits of IT usage in the management of logistic processes. **The first day (5<sup>th</sup> March 2012) is open to public.**

The second day will be focused on the internal project management and the ideas, IT tools and computing techniques used in the LOGICAL project. **The second day (6<sup>th</sup> March 2012) is a LOGICAL internal meeting.**

### **Conference Registration:**

Please send the registration form **by 22.02.2012** to Krzysztof Michalak by e-mail to [krzysztof.michalak@ue.wroc.pl](mailto:krzysztof.michalak@ue.wroc.pl) or by fax to +48 71 36 80 376.

### **Venue:**

Międzynarodowa Wyższa Szkoła Logistyki i Transportu we Wrocławiu  
ul. Sołtysowicka 19B  
PL - 51-168 Wrocław
