

AGATA POWERS

AWARD WINNING PORTRAIT PHOTOGRAPHER
PROGRAM MANAGER IMPLEMENTING OFFSET AGREEMENTS
INTO THE POLISH DEFENSE INDUSTRY

MY EXPERIENCE

As a woman, I grew up believing that I was not good enough. I didn't have a dream of pursuing a specific career and I didn't think I was talented. When I was finishing college, I was terrified. With 20% unemployment rate, no connections and nobody to guide me through the unknown, I decided to chase the adventure of a student living in the US just until I spoke fluent English. From selling ice-cream at Walt Disney World, through working in a restaurant business to completing MBA at University of Central Florida, I finally made my way to the largest defense company as an intern at the age of 29. Since then I've been climbing the corporate ladder and I am now a Program Manager implementing offset agreements into the Polish defense industry. I also own a successful portrait photography studio in Orlando, Florida where I photograph women to show them that they are beautiful, strong and good enough.

WHOM I SEEK

Someone who is still trying to figure out who they want to be when they grow up. Someone who is interested in learning about corporate world and the differences between Polish and American workplaces. Someone with great attitude and open mind. Someone who is willing to put in the effort and drive the meetings to get the most out of the mentoring relationship. Someone who wants to practice their English!

HOW I CAN HELP

By putting myself in your shoes and going back to the times when I was finishing college, I can relate. I know how it is when you feel lost and overwhelmed. It took me a while to finally find a job that I love! I know how to build lasting relationships. That is one of the most powerful skills that carried me through my career. I'll teach you. Listening to your dreams, fears and needs is where we will begin our relationship. Lastly, I know how to run my own business, so if you are interested in hearing about what's truly important to become successful business owner, I'll be glad to discuss this with you.

MY STYLE OF WORK

Our communication will be mostly in English. I like collaboration, but I'm not opposed to giving directions if I see that someone needs it. I'm a driver and a doer. If I don't like something in my life, I try improving it or changing it.

AND FURTHERMORE...

I live in Orlando, Florida with my 10 year old son and I am here in Poland for a few years on an assignment as an expat.
